*When only the best will do...*

**MANUFACTURING  
EXCELLENCE  
SINCE 1962**

Since 1962 the Wessex name has been synonymous with superb quality, British built machines for the agricultural and groundcare markets. Our equipment is built for demanding applications, where reliability and durability are paramount.

**WESSEX INTERNATIONAL'S** global distribution network has distributors and dealerships in many countries. Whatever Wessex product you invest in, you can be sure of support from your local dealer right through the machines lifetime, backed by Wessex International's commitment to excellent customer service.

Our friendly and knowledgeable staff are here to advise you on the best equipment for your application. We are convinced you will find our machinery beneficial to your organisation both in terms of user satisfaction and economic ownership.

**CHARLES BROWNING**

Managing director

**1962**

In the heart of rural Hampshire, Wessex began manufacturing grass cutting and forage equipment.

**1970's**

Wessex were the first to manufacture a range of scaled down implements to suit the new compact tractor from Japan.

**1980's**

Wessex increased their focus on equipment to meet the needs of landscapers and grounds maintenance contractors.

**1990's**

As ATV's started to grow in popularity, Wessex produced a line-up of attachments to suit.

**2003**

Broadwood International was established as the distributor of quality equipment including the well-known SnowEx salt spreaders & SweepEx push brooms.

**2008**

Broadwood International acquired Wessex Machinery – now a leading manufacturer of professional grounds maintenance machinery.

**2014**

In line with the increased focus on global distribution of the Wessex ProLine product range, the company has been renamed Wessex International. This coincides with relocation to the current 50,000sqft factory in Andover, Hampshire.

## AVAILABLE HITCHES

C-Max fork sleeve hitch

C-Max fork sleeve hitch for 150mm forks

C-Max 3 point linkage hitch

C-Max telehandler quick hitch

C-Max Skid steer hitch

C-Max Bucket guide hitch

The innovative **BROOMEX 'C-MAX'** combines the well-known **BROOMEX** concept of a heavy duty push broom together with the patented side retainers, which will hold bulk volumes of material in front of the brush without spillage.

The end brushes are carefully twisted to pull material away from a curb or wall and into the main path of the broom. This ensures a clean sweep right into those awkward corners without the danger of the hood damaging the wall. Sweeping times will be reduced even further, as those frustrating spill lines will be eliminated with the new **BROOMEX 'C-Max'**.

## KEY FEATURES & BENEFITS

**PATENTED TWISTED END BRUSHES** – Sweep close to a wall and push debris in path of broom

**ELIMINATES END SPILLAGE** – 65% faster than a standard push broom

**WILL MOVE BULK VOLUMES OF MATERIAL** – Minimise your sweeping time

**AVAILABLE IN 1.5M, 1.8M AND 2.4M WIDTHS** – Versatile

**FITTED WITH EDGE MARKER KIT AS STANDARD** – Broom edge clearly visible from the cab

# W AFTER-SALES

SERVICE & PARTS

W AFTER-SALES & SERVICE

W DEALER NETWORK

W SPARE PARTS

## WESSEX AFTER-SALES & SERVICE BACK-UP

At Wessex International, our care for the customer does not stop at the time of machine purchase. Our dedicated aftersales team with their wealth of experience are here to tend to your needs throughout the working life of the machine. Whether it's machine operation, advice on application, or a technical question over maintenance, we're here to help.

## DEALER NETWORK

Wessex ProLine products are sold exclusively through the Wessex UK dealer and global distributor network. Our professional dealers have the market knowledge and experience to recommend the correct product for your application, and their in-house service and maintenance department provides a local centre for all your after service requirements.

**MANUFACTURING EXCELLENCE SINCE 1962**

## SPARE PARTS

Only genuine Wessex spare parts should be used to maintain optimum performance from your Wessex machine. To minimise costly machine downtime, parts orders are dispatched daily to our professional dealer network by next-day carrier service (UK mainland), and 2 day for UK Highlands & Islands. If ordered before 1:00pm, parts will be dispatched the same day (subject to availability). **Our online parts store is open 24 hours a day, 365 days a year.** Order your parts from your mobile or computer and we'll take care of the rest.
